Hi Gayleen,

Finally! I received Ike's application and resume. He mentioned to Betsy that he is getting married in July and probably could not attend a meeting until August. I'm not sure if that matters to you, but just thought I would let you know.

Thanks,

Susan Miller, AICP

The City of
OKLAHOMA CITY
Commission/Committee/Board Application

Date: 05/21/2011

Name: Ayoola Ike Akinwande Jr.

Residence Address: 1512 SW 68

City: Oklahoma City Zip: 73159 Email: akinwande@gmail.com

Home Phone: 405-596-5473 (Other): _____

Employer: : SAIC (formerly Benham)

Occupation: Structural Engineering

Work Address: 9400 N. Broadway (Ste 300)

City: Oklahoma City Zip: 73114 Work Phone: 405-607-6101

Committee/Commission for which you are interested: Downtown

1. Describe your specific qualifications for a seat on this particular committee or commission.

My qualifications include my design experience in the structural engineering department of SAIC (formerly known as Benham), my involvement in leadership training programs, such as LOYAL, and my desire to see Oklahoma continue to grow into a place that retains and attracts both people and organizations who want to positively impact the state of Oklahoma.

2. What experience do you have with organizations, civic groups or clubs that would be beneficial to this committee or commission?

I have experience as a board member of Youth Leadership Exchange (positions

held include Recruitment Co-Chair and Treasurer) and as a founding board member of Paseo Edgmere Educational Partnerships Spectacular (PEEPS). I am also a Class V graduate of Leadership OKC's Linking Oklahoma City's Young Adult Leaders which provided training to serve the community and culminated in a service project. My group's service project was PEEPS and we chose to continue building the project even after we graduated from the program two years ago.

3. Are you willing and able to attend meetings on a regular basis? Yes No
If No, what are your limitations?

N/A

4. Briefly state the reasons why you feel your appointment to this committee or commission will benefit the City of Oklahoma City.

I possess structural design experience with a variety building types for different functions (from the concrete based OU Cancer Institute to the steel/concrete based Ford Center Renovations). I will bring my knowledge of structural design/coordination with other disciplines and my enthusiasm for handling complex engineering problems to the design committee. The City of Oklahoma City Downtown Review Committee will gain a citizen who enjoys living in and contributing to the improvement of Oklahoma City.

Ayoola Ike Akinwande Jr.
1512 SW 68, Oklahoma City, OK 73159
405.596.5473
akinwande@gmail.com

Career Summary

Results driven, self motivated and detail oriented structural engineer with four years of progressively responsible technical design experience. Broad based responsibilities in structural engineering with experience in architectural and engineering (A&E) and engineering and construction (E&C) activities. Comprehensive knowledge of design standards and codes. Possesses experience designing cold-formed metal framing, steel, concrete, masonry, and tilt-up. Writes and/or edits specifications, scopes of work, client reports, and other engineering documents in clear and precise language. Possesses excellent written and verbal skills, sound technical background, and enthusiasm for the challenge of designing structures.

Education

M.S., Civil Engineering with Structural Engineering emphasis, Rice University, Houston, TX, 2007
Attended graduate school on full scholarship, 2006-2007
B.S., Civil Engineering, Rice University, Houston, TX, 2006
Attended undergraduate school on full scholarship, 2001-2006

Computer Proficiency

Computer Skills: Windows XP, Mac OS, Adobe Acrobat, Adobe Photoshop, MS Office (Word, Excel, PowerPoint), and MS Project.
CAD / Design Packages: STAAD Pro, MathCAD 14, AutoCAD, EneCalc, SAFE, RAM, L-Pile, Struware, TEDDS.

Professional Experience:

Science Applications International Corporation (SAIC), Oklahoma City, OK
Structural Engineering Designer (June 2007 to Present)

- Designs load-bearing structures by vertical and lateral structural analysis..
- Performs analysis of building materials and code driven structural design calculations.
- Inspects, evaluates, and redesigns existing structures for renovated use.
- Submits design recommendations and proposals for multi-million dollar projects in both the public and private sector.
- Reviews/evaluates shop drawings.
- Develops drawings/specifications for use during construction
- Ensures all projects comply with applicable codes and regulations.
- Works on highly technical projects with short time frames and tight deadlines.
- Able to accomplish work and multitask while under time constraints.
- Organizes, drafts and coordinates technical documents. Develops in-house design tools using MS Excel and MathCad 14.
- Effective collaborator and strong team-working skills.

Oklahoma City Community College, Oklahoma City, OK
Adjunct Professor of Science, Math, and Engineering (January 2011 to Present)

- Creates course objectives to meet the departmental and institutional standards.
- Supports student learning by providing quality instruction.
- Sets clear course objectives, prepares relevant class activities, and effective and understandable presentations of learning materials.
- Constructs unambiguous, fair and understandable grading practices.

- Provides timely responses to students.
- Cultivates a positive learning atmosphere in the classroom using diverse teaching methods to cater to a variety of learning styles.

Professional Registration:

Engineer in Training (EIT) in Oklahoma and Texas

Affiliations & Honors:

OKC Biz Magazine "Top 40 Under 40" Honoree, 2010

Paseo Edgemere Educational Partnerships (PEEPs), Founding Board Member, 2008 to present

Youth Leadership Exchange, Board Member, 2008 to present

Oklahoma Structural Engineers Association (OSEA), Member, 2007 to present

Committee for which you are interested: ***Downtown Design Review Committee***

1. Describe your specific qualifications for a seat on this particular committee or commission.

As a fourth generation Oklahoma City Citizen, I have deep roots here. As an architect and artist, key moments of my career have been centered in our Downtown and its immediate perimeter. My professional, financial, and emotional investments in the downtown area are a powerful motivator to contribute to its continued success. As co-designer of the Oklahoma City SkyDance Bridge and an artist of several downtown public art sculptures, the goals for my career and the goals for downtown are aligned to one of making this downtown the best. My work on MAPS I as a project manager working for the Program Coordinator at FSB was formative. MAPS I project management responsibilities included the Ballpark, Bricktown Canal, and River Projects. This three year fulltime dedication provided an invaluable insight to understanding the intricate workings of city departments and systems.

2. What experience do you have with organizations, civic groups or clubs that would be beneficial to this committee or commission?

Skirvin Solutions Committee; OKC Trails Master Planning Committee; American Institute of Architects Board of Directors; YMCA Volunteer Board; Oklahoma Earthbike Fellowship, Trails Access Chairman.

3. Are you willing and able to attend meetings on a regular basis? Yes

4. Briefly state the reasons why you feel your appointment to this committee or commission will benefit the City of Oklahoma City.

My architectural, art, and urban design experience has heightened my sensitivity to analyze and make important connections between the subtle nuances that weave the delicate fabric of a vibrant downtown. Being able to strike a balance between what is good for private development with what is beneficial to the enhancement of our collective downtown condition is a challenge I am passionate about pursuing. I have a true love for our downtown. I recognize the downtown as being the emotional heart of the city and I believe its success provides key inspiration for our civic pride and confidence. I can recall a time not so long ago when our collective civic ego could be described as challenged. I have witnessed first hand a somewhat stunted civic mood growing from almost apologetic to one with a healthy, inspired confidence and pride. It is the desire to continue this growth momentum that provides the motivation for me to work toward growing an even greater pride within our children and grandchildren regarding our great city.

Please attach a resume.

Submit completed application and resume to: Susan Miller, City of Oklahoma City Planning Department, 420 W Main St Suite 900, Oklahoma City OK 73102-4407, or fax to (405) 297-1631, or email to: susan.miller@okc.gov

Subject: Downtown Design Review Committee

Hi, Anthony.

In December, a new Charter provision took effect that limited the scope of the term City "officers" so that it now only applies to Mayor, Councilmembers, the City Clerk and the City Treasurer. This means that the board and commission members who left City boards and commissions due to them or their business having contracts with The City of OKC are now eligible for board or commission appointment.

The Municipal Counselor's Office is expected to put out a document to formalize this opinion in the coming weeks.

Mayor Cornett would like to appoint you to the Downtown Design Review Committee to the position you held prior to the conflict of interest issue. Are you interested and willing to serve in this capacity again?

Gayleen Keeton
Executive Assistant to the Mayor
City of Oklahoma City
