The Honorable Mayor Mick Cornett  
Municipal Building

August 15, 2013

Dear Mayor Cornett:

Over the past three years I have thoroughly enjoyed my appointment to the Downtown Design Review Committee and value greatly your trust in me to perform such an important role. However, please accept this letter as my **formal resignation from the Downtown Design Review Committee**. I have recently been accepted to attend graduate school which will require my full time relocation to London to attend the Architectural Association School of Architecture for the next twelve months. After that time, I plan to return to Oklahoma City with enhanced knowledge and skill to continue my career in public art, architecture, and teaching at the university level.

Again, thank you for allowing me such an enjoyable way to serve my community.

Kindest Regards,

Stan Carroll, AIA
